

DynCommBaseInterface

```
classDiagram
    class DynCommBaseInterface
    class DynCommBase
    DynCommBase --|> DynCommBaseInterface
```

The diagram illustrates a class hierarchy. At the top is a gray rectangular box labeled 'DynCommBaseInterface'. Below it is a white rectangular box labeled 'DynCommBase'. A red arrow points from the 'DynCommBase' box up to the 'DynCommBaseInterface' box, indicating that 'DynCommBase' inherits from or implements 'DynCommBaseInterface'.
